EDUCATION

B. TECH (**Information Technology Network and Information Security**)	2020-2024	Netaji Subhas University of Technology	7.16 CGPA (Till 6th Semester)
CBSE (**Class XII**)	2019	Sandhya Senior Secondary Public School, Delhi	74.9%
CBSE (**Class X**)	2017	K.D Field Public School, Delhi	8.4 CGPA

INTERNSHIP/ TRAINING

React Internshala Training   [May 2023 – July 2023]
- ➤ Learning JavaScript basics and React fundamentals.
- ➤ Exploring Node.js, React, Vite, GitHub, and Firebase.
- ➤ Understanding the usage of Node.js for server-side development and APIs.
- ➤ Leveraging Vite, GitHub, and Firebase for efficient development, version control, and real-time data management.

ACADEMIC PROJECTS

- ➤ **ChatToon | GitHub Link** 🔗   **[October 2022]**

A decentralized chat platform that prioritizes security and provides a secure login mechanism with email and password authentication using Firebase.
Secure login: Safely access ChatToon using email and password authentication.
User search: Easily find and connect with friends and colleagues through an intuitive search feature.
Powered by technology: Built using React, Firebase, Node.js, HTML, CSS, and JavaScript for a robust and reliable chat experience.

- ➤ **Box Wizard | GitHub Link** 🔗   **[June 2023]**

Create a dynamic Box Wizard web application using React, Node.js, HTML, and CSS, enabling users to search for artists and movies effortlessly.
Search: Explore artists' filmography and movies.
Interactive components: Dynamic search bars and filters for enhanced usability.
Star marking: Mark your favorite movies for easy access and personalization.
Responsive UI: User-friendly interface designed with HTML and CSS.
Seamless navigation: Smoothly navigate using React's efficient rendering and routing.

ACHIEVEMENTS

- ➤ Completed **500+ LeetCode** questions and achieved a **3-star rating**, demonstrating strong problem-solving skills and algorithmic proficiency.
- ➤ Attained Level 7 Expert on Coding Ninjas, demonstrating advanced coding skills and problem-solving proficiency.

POSITION OF RESPONSIBILITY

- ➤ Successfully implemented security team leadership and managed a team of 15 people for NSUT's annual festival - Moksha 2022.

TECHNICAL SKILLS

- ➤ Data Structures and Algorithms in CPP (Proficient), JAVA (Beginner)
- ➤ Web development, with expertise in HTML, CSS, and JavaScript, creating engaging and user-friendly websites.
- ➤ CS Fundamentals - DBMS, Operating System, SQL, OOPS.
